Choosing And Using Your Credit Card Wisely
There are simple steps you can take to gain control over your finances. One is to transfer the balances on your high interest rate existing credit cards to a new low-rate Visa® Credit Card at your credit union. There’s no fee for transferring your balances.

Then to bring your balance down faster, we recommend that you pay more than your minimum monthly payment. Also, cancel those old credit cards to avoid the temptation of further spending.

For additional assistance with managing your finances, please speak to a Financial Consultant and ask about BALANCE SM, a complimentary financial education and counseling service.
