**Beneficial Owner Information
 For Corporations and Limited Liability Company, LL Corporations, LL Partnerships**

To help the government fight financial crime, Federal regulation requires certain financial institutions to obtain, verify, and record information about the beneficial owners of legal entity customers. Legal entities can be used to disguise involvement in terrorist financing, money laundering, tax evasion, corruption, fraud, and other financial crimes. Requiring the disclosure of key individuals who own or control a legal entity (i.e., the beneficial owners) helps law enforcement investigate and prosecute these crimes. This section must be completed by the person opening the account on behalf of the legal entity and must provide the information to establish the account.
